FOOD PANTRY FRIDAYS

If you or someone you know needs some food to help get through, we are here to help!

This includes people who may be just out of the hospital, those doing it a bit tough, newly arrived to the area, and people who have not got the capacity to cook for themselves at the moment.

OPEN - 10am-12pm every Friday
Please call ahead to book a time

Phone 5824 1315 or

BOOMERANG BAGS

Our Thursday morning's Boomerang Bags volunteer group operated throughout the year making bags and masks. At times we couldn't meet at the Community House due to conditions imposed by Covid-19 pandemic restrictions. As a result quite a few people collected material so that they could continue cutting, sewing or finishing bags at home. We completed and distributed hundreds of bags to the shops and other community organisations over the last year.

Thank you to the dozens of people and groups such as Generations Op Shop that have helped in so many ways. From donating material, screen printing, cutting, ironing, sewing and much more. A chance to sit and chat and enjoy a lovely coffee made by Evelyn was also very important to the volunteers.

By Bev Roberts

Boomerang Bags Helpers Helen Hoskin, Marilyn Grimme, Bev Roberts, Jenny Stammers & Jan Dickinson

CHOP & CHAT

The Chop & Chat sessions have given the participants a chance to make new connections, work as a team, develop new skills, have new food experiences, swap recipes and give back to the community while preparing food together.

Despite the impact of Covid-19, we have still been busy in the kitchen. A small team of hard workers have volunteered their time to produce many delicious frozen meals and preserves using the food that is available to us from Foodshare or donations from our local community. Meals that have passed through our kitchen include many pasta, rice, meat and vegetable dishes. Once labelled and frozen the distribution of the meals is through Generations Op Shop and our Food Pantry Fridays here at the Community House.

Among the preserves produced were delicious jams, sauces and tomato-based products such as chutneys, passata and dried tomatoes. We are always willing to try new recipes and this year we tackled pickled vegetables, feijoa jam, rhubarb jam and apple and pear jam. All proved to be extremely popular.

The Chop n Chat stall at the entrance to the Community House is proving popular and a great way to generate some income to help make our program sustainable.

A big thank you to everyone who purchased products or donated produce, jars, time, labour and ideas. Thank you to our enthusiastic, supportive team of volunteers who have ensured the success of the Chop & Chat sessions over the past year.

By Jenny Stammers

HOMEWORK CLUB

TCH continued to provide an after-school program for local students. This program is available to students who wish to improve their reading, writing and number skills.

The activity takes place in the Tatura Library every Tuesday from 3.45 to 5.15 pm during the school term. The tutoring is free of charge.

The aim of the program is to encourage children to enhance their understanding and their enjoyment of Mathematics and Literacy. We would also like children to realise that it is okay to get something wrong because we often learn from our mistakes.

Due to interest from parents, we have extended the session to include younger students. Parents are always welcome to contact us to discuss how we can help their children.

The library is a wonderful venue for the students to learn in. We greatly appreciate and thank Kerrie for her positive support and help. A special thanks to Bev, Ali, and Iris who work well together to provide, review and enhance the program.

We hope to continue the program into the future and rely on the support and input from parents and the community to make it a success.

Letters and numbers in practice!

TAT GATHERING

Looking for someone with whom you can share a cuppa and a chat? Easily fixed – just come along to the “Tat Gathering - Meet and Greet” group, which meets on the first Wednesday of the month at the Ross St café from 10 am to 12 pm.

Member numbers might have shrunk since we started meeting some time ago. We could start off with eight and find that there are sixteen starters beating the door down. Once again the weather has something to do with it. Shannon, the café owner and her helpers, make sure we have hot and cold snacks to buy and enjoy. Some attendees also buy a meal to take home to eat later.

Our conversations are varied as we cover a range of subjects. At times we are quite noisy and we are encouraged to meet someone new in our group. We are older women with lots of Grandmothers so that might have something to do with our topics of conversation. It would be great to have younger women join our numbers as we need a balance of age, gender, interests and thoughts as we travel down the road of life together. I know we could open our minds and pick up a few tricks from each other.

OK, are you willing to give it a try? So contact the Community House for more information.

We are waiting to meet you and have a chat

By Carol Ryan

The friendly Tat Gathering Group in action.

COFFEE CLUB

In April this year, Jacob and I began volunteering at the Coffee Hub. Jacob makes a mean coffee and I enjoy a chat, so we figured we'd make a good team, whilst providing a valued service to many in our community. Re-establishing the Coffee Hub after a difficult couple of years with Covid 19 concerns was never going to be easy, as people grapple with feeling comfortable and safe again. I believe that with the support of the wonderful staff and volunteers, we are making progress, by ensuring good hygiene and respect for everyone's needs.

The conversations often centre around reminiscing about earlier times in the attendees' lives and everyone enjoys telling their own stories during the conversations. As with any group of people, there are differences of opinion, however as Tatura Community House is an environment where everyone has the right to feel safe, attendees are supported to respect each other's views. The Hub provides the essential ingredient of socialisation for those within our community to assist their mental health.

Thanks to firstly Leeane for her encouragement to Jacob and myself, during her role as Manager at TCH. I also not only want to thank Nadine and Tom for their assistance after becoming managers upon Leeane's departure, but also to encourage them as they continue to develop in their roles.

By Cheryl & Jacob Dedman

ADULT COMMUNITY FURTHER EDUCATION (ACFE)

The Tatura Community House has delivered courses for adult education for many years and continued to do so in the 2021/22 year. ACFE is funded by the Victorian Government and this funding is determined by the number of hours we deliver per year. We also receive an IT support grant as part of ACFE funding. TCH is a recognised educational institution.

Learn English

Our ongoing course 'Learn English' provides an opportunity for students to learn and improve their English in 2-hour-sessions with our tutor John Kriesfeld. Planning and delivering our course proved to be difficult in 2021 - we still had to close due to lockdowns and could not deliver all the hours that we had planned. In 2022, we were able to get back to a normal schedule again and offered two 2-hour-sessions per week in term 1 and one 2-hour-session per week in term 2. Our students are going strong and are looking forward to another year of learning.

Digi Mix

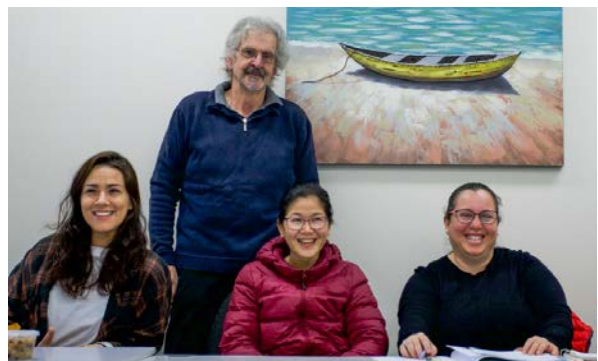

In this flexible computer and technology class students explored different topics from the digital world such as online meetings, email, managing attachments, scanning, photo editing, management and online services, digital citizenship and online safety, tablets and devices, streaming services, MyGov, online banking, and online shopping. Students were eager to broaden their digital horizons and learned how to navigate their digital world.

Garden To Plate

A fun hands-on course to develop knowledge in basic horticulture, sustainability, and hospitality. Our enthusiastic learners gained an understanding of workplace, food and covid safety practices, basic horticultural principles, and cooking and preserving food. They also worked as a team to come up with the first draft for a community garden in Tatura. We hope we will hear more about that in the upcoming months and years.

PRESIDENT'S REPORT

Reflecting back on the past 12 months to write my report, there has been so much happening and it has been exciting to get back to a little bit of normality, including being able to hold events again without Covid-19 restrictions impacting what we can do.

I would like to acknowledge Leeane's resignation and thank her for her unique contribution to the Community House having set it on a positive trajectory through the restraints of the past couple of years. Under the management of Leeane, the House has gone from strength to strength. Following Leeane's resignation, we welcomed Nadine and Tom to the Co-Managers position in March. It was pleasing to have them both keen to step up and take on the Manager's role between them, with sincere consideration for fulfilling the role between them and the budget. I can say that the appointment has been a success so far and look forward to working with them both in the future. With such positive and can do attitudes, we look set to continue to be a sustainable organisation.

The Committee of Management do a fantastic job as always – thankyou! Without your input, commitment and dedication we would not be in such a strong position as we are.

Sue Morton resigned from the Committee. I would like to acknowledge the contribution Sue made to the House.

To the volunteers who so generously donate their time, whether that be to help out with the many classes and activities we hold, answering the phones, in the Cubby or baking something for the fundraisers – thank you.

Finally a massive thank you to all the staff who make sure that the House runs so smoothly.

I look forward to being involved with the Community House over the next twelve months to see what that will bring.

Sincerely,

Jennifer Pagon
President, Tatura Community House Committee of Management

MANAGER'S REPORT

"Every new beginning comes from some other beginning's end."

Seneca

The year 2021/22 was characterised by a few new beginnings and an 'era' coming to an end. Leeane Bullard resigned as Manager of the Tatura Community House in early 2022 and finished up in March 2022. We took on the roles of co-managers from April 2022. Leeane had worked as TCH Manager for nearly six years and shaped it into an innovative, modern, well-oiled organisation catering to the needs of our wider community. Leeane was a great mentor to both of us, encouraging us to be our best and give new opportunities and challenges a try. We thank and congratulate Leeane for everything she has achieved for us, TCH and the wider Tatura community and hope we can do a job as good as her.

In 2020, Leeane encouraged us to enrol in the 'Advanced Diploma of Community Sector Management' with Partners in Training. All three of us enrolled, studied, researched and in February 2022, we all successfully completed our Advanced Diploma.

Another new beginning in 2021/22 has been emerging from a world with Covid-19 restrictions. Our program activities in 2021 were well planned, advertised and then often postponed and sometimes cancelled. We think that our staff, volunteers and clients felt quite frustrated with the on-again/off-again feeling of 2021. When our region was put under lockdown and a third of the population had to home quarantine for 14 days, the Tatura Community House and its Helping Hands program stepped up to the occasion once more. We created a business directory for services in Tatura so that people knew which shops and restaurants were available to them. Our wonderful volunteers cooked up a storm and we were able to deliver frozen food, food hampers and fresh fruit and vegetables to an average of 100 recipients per week. We cannot thank Generations OpShop and FoodShare Shepparton enough for their cooperation and support during this trying time. Well done, everyone! And a big shout out to the Tatura community who took all this in stride and supported each other. What better way to bring our Helping Hands slogan to life: YOUR COMMUNITY CARES!

Our food relief volunteers did not only cook meals for the community, but continued their quest to minimise food waste, recycle and produce yummy jams, sauces, relishes, cordials and other treats. They were nominated for the Greater Shepparton Volunteer Recognition Awards and were celebrated in May 2022 for their big contributions to Food Relief for the Tatura community. Congratulations!

Fortunately and in spite of Covid-19 lockdowns, we were still able to deliver quite the spread of program activities and events. We ran program activities in cooperation with other organisations such as information sessions about 'Living at Home Longer' with Shepparton City Council, 'My Aged Care' with LaTrobe Community Health Service as well as First Aid Courses with Stitches First Aid Education. We continued our successful cooperation with Primary Care Connect to deliver our exercise classes Circuit Training, Resistance Training, Movement to Music and others. We hired a new yoga teacher with three classes per week in term 1 of 2022. Everyone was just so happy to be out and about again without the threat of interruptions.

This was the inspiration for 'Reboot Your Mojo', a free event connecting community members with local clubs, volunteer groups and businesses to improve health and well being post lock-downs and isolation. Our amazing volunteers Ainsley Gilboy and Tracey Carter organised the event and registered 27 local groups to reconnect with the community. We had a great event with free BBQ, live music, lots of activities and give-away bags.

We organised events throughout the year with a Biggest Morning Tea to support the Cancer Council, Advent Calendar Boxes leading up to Christmas, Mother's Day Cake Boxes, Art Workshops with Rachel Doller, Indian Cooking Journey with Jaishree Ravindran and Family Photo Shoots with Digital Journey's Jacob Dedman.

In November 2021, the Minister for Education and Skills Gayle Tierney visited the Tatura Community House to meet with our staff, tutors and learners. We had a lively discussion and appreciate that she made the trip to learn from the people that are delivering and enrolling in learn local courses.

We would also like to thank Greater Shepparton City Council for funding our IT Quick Fix program in 2021 which enabled us to offer free IT support to members of the community.

Most of the year 2022 was focussed on rejuvenating old and creating new partnerships. We proudly refer to page 10 where our partners are listed and thank them all for their contribution to our community.

The Tatura Community Cubby House, our occasional childcare centre, has continued to transition to the National framework. Our staff members have undergone professional development this year about child safe standards and how to provide the best possible care for our children. Our childcare coordinator Tarja is at the helm of the Cubby ship, supported by Janenne, Karen and Heather. Tarja is doing a fantastic job leading her team and they create such a safe, comfortable, educating and fun environment for the children and their families. We pride ourselves in providing very individual care and to see happy children and families is our reward. Thank you also to the families, community members and especially the educators who contribute to making the Cubby so special.

A really big thanks must go to the incredible band of volunteers and staff who really do utilise their talents and deliver not just the best customer service in the world, but support the committee and management wherever it is needed. We really appreciate your commitment and your individual strengths and talents! Everyone here works hard to facilitate the programs and activities to over 300 people that visit the community house each week.

We are looking forward to the next 12 months of being committed to supporting and caring for our community.

Tom Boocock and Nadine Pichler
Co-Managers, Tatura Community House

OCCASIONAL CARE COORDINATOR'S REPORT

The year 2021/22 has been influenced by Covid-19 - like everyone else, The Cubby had its ups and downs, one of them the Covid-19 outbreak in Shepparton in August/September 2021 which led to our closure due to Covid-19 for the first time since March/April 2020. We were continuously adjusting our policies, procedures and processes according to what was happening with Covid-19. Many of our families caught Covid-19 and other illnesses which caused absences throughout the year. We are still carrying out our cleaning procedures on a daily basis ensuring that the children in our care and their families are Covid safe.

Attendance is strong as there is a big need for childcare in our community. We have families from Shepparton, Merrigum & Stanhope. Compared to previous years, we started 2022 with high attendances and our average numbers are:

Tuesdays - 12 children

Wednesdays - 12 children

Fridays 15 - children

with a capacity of 15 children max.

We have been working closely with families to discuss their needs for childcare and are planning to change the Cubby opening hours from 8:30 am until 4:00 pm for four days per week. It is, however, very difficult to attract childcare staff, so we are still open from 9:00 am to 2:00 pm. Hopefully, we will be able to extend our hours in the future.

Our staff Janenne, Karen and Heather each work 2 days per week and are always supporting our families and each other. They were always flexible to fill in for each other.

We managed to get funding in the amount of \$12,000 for lots of equipment and toys and the staff and children enjoyed unwrapping and exploring their new:

- furniture (chairs, sofas, tent),
 - cots,
 - bikes,
 - constructions toys,
 - baby play gym foam climbing blocks
 - and many more.
-

We had a great Christmas party with Santa visiting and presents for all the children. Early this year, we introduced online check-ins for parents and guardians.

We are very happy to say the cookbooks have been printed and the first 40 copies have been sold, and we are currently working on selling the next 40 copies, so if you haven't got one already, you better hurry up!!!

I would like to thank Nadine and Tom for their endless help given to me, my team and the Cubby House issues that arise big or small. To my team of co-workers, girls you rock and I'm so proud to have you as my work colleagues.

We look forward to the next 12 months and all the adventures that will take place. Stay safe everyone.

Tarja, Janenne, Karen and Heather
Childcare Staff, Tatura Community House

TREASURER'S REPORT

After another challenging year, it is pleasing to present the 21/22 financial report which has achieved a better outcome than the Committee had budgeted for. Even though a substantial loss has been recorded, indications are that we are slowly recovering from the shutdowns and uncertainty that Covid-19 caused. Our ability to sustain a loss for the 21/22 financial year was because we had unused funds from the business support that was provided by the State and Federal Governments during 19/20. Hopefully, we can now keep moving forward and continue to roll out old and new programs, adult education courses and enjoy some social activities while raising funds for the future sustainability of the Community House. Our budget for 22/23 still shows a small loss, as we continue to rebuild. We have erred on the side of caution in our predictions rather than being overly confident.

With costs continually rising future sustainability is always on our minds and while we are thankful that the current State Government has guaranteed the Community House Sector's ongoing funding and we have the support of the Greater Shepparton City Council, it is a continual battle to find the right balance of being able to provide the varied support needed for those in our community who are struggling and the need to raise extra funds to maintain our own viability. We thank all those who support us in our endeavours.

Personally, I would also like to say thank you to my fellow Committee Members and our great staff both present and past. It is because of you that the Community House is a place people want to come to and I enjoy being a part of.

Sally Sherman
Treasurer, Tatura Community House Committee of Management

FOR THE YEAR ENDED 30 JUNE 2022**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

These financial statements are special purpose financial statements prepared in order to satisfy the financial reporting requirements of the Associations Incorporation Reform Act 2012 (Vic). The committee has determined that the association is not a reporting entity. The Association is a not-for-profit entity.

The financial statements have been prepared on an accruals basis and is based on historic costs and does not take into account changing money values or, except where specifically stated, current valuations of non-current assets.

(a) Income Tax

No provision for income tax has been raised as the entity is exempt from income tax under Div 50 of the Income Tax Assessment Act 1997.

(b) Property, Plant and Equipment

Each class of property, plant and equipment is carried at cost or fair value less, where applicable, any accumulated depreciation and impairment losses.

The carrying amount of plant and equipment is reviewed annually by the committee to ensure it is not in excess of the recoverable amount from these assets. The recoverable amount is assessed on the basis of expected net cash flows that will be received from the asset's employment and subsequent disposal. The expected net cash flows have been discounted to present values in determining recoverable amounts.

Depreciation

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

(c) Accounts Receivable and Other Debtors

Accounts receivable and other debtors include amounts due from members as well as amounts receivable from donors. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

(d) Employee Benefits

Provision is made for the association's liability for employee benefits arising from services rendered by employees to the end of the reporting period. Employee benefits that are expected to be settled within one year have been measured at the amounts expected to be paid when the liability is settled. Employee benefits payable later than one year have been measured at the present value of the estimated future cash outflows to be made for those benefits. In determining the liability, consideration is given to employee wage increases and the probability that the employee may not satisfy vesting requirements. Those cash flows are discounted using market yields on national government bonds with terms to maturity that match the expected timing of cash flows.

(e) Provisions

Provisions are recognised when the association has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

TATURA COMMUNITY HOUSE INCORPORATED

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2022**

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

(f) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities on the statement of financial position.

(g) Revenue and Other Income

Non-reciprocal grant revenue is recognised in the statement of comprehensive income when the association obtains control of the grant and it is probable that the economic benefits gained from the grant will flow to the association and the amount of the grant can be measured reliably.

If conditions are attached to the grant which must be satisfied before it is eligible to receive the contribution, the recognition of the grant as revenue will be deferred until those conditions are satisfied.

When grant revenue is received whereby the association incurs an obligation to deliver economic value directly back to the contributor, this is considered a reciprocal transaction and the grant revenue is recognised in the statement of financial position as a liability until the service has been delivered to the contributor, otherwise the grant is recognised as income on receipt.

The association receives non-reciprocal contributions of assets from the government and other parties for zero or a nominal value. These assets are recognised at fair value on the date of acquisition in the statement of financial position, with a corresponding amount of income recognised in the statement of comprehensive income.

Donations and bequests are recognised as revenue when received.

Revenue from the rendering of a service is recognised upon the delivery of the service to the customer.

All revenue is stated net of the amount of goods and services tax (GST).

(h) Accounts Payable and Other Payables

Accounts payable and other payables represent the liability outstanding at the end of the reporting period for goods and services received by the association during the reporting period that remain unpaid. The balance is recognised as a current liability with the amounts normally paid within 30 days of recognition of the liability.

(i) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Tax Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the statement of financial position are shown inclusive of GST.

RESPONSIBLE PERSONS' DECLARATION

Per section 60.15 of the Australian Charities and Not-for-profits Commission Regulation 2013

The responsible persons declare that in the responsible persons' opinion:

1. there are reasonable grounds to believe that the registered entity is able to pay all of its debts, as and when they become due and payable; and
2. the financial statements and notes satisfy the requirements of the *Australian Charities and Not-for-profits Commission Act 2012*.

Signed in accordance with subsection 60.15(2) of the *Australian Charities and Not-for-profit Commission Regulation 2013*.

President

Jen Pagon, President

Treasurer

Sally Sherman, Treasurer

Dated: 27:09:2022

INDEPENDENT AUDITOR'S REVIEW REPORT

To the Members of Tatura Community House Incorporated

Report on the Financial Report

I have reviewed the financial report of Tatura Community House Incorporated, which comprises the statement of financial position as at 30 June 2022 income statement, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the responsible persons' declaration.

Responsibilities of Responsible Entities for the Financial Report

The responsible entities of the registered entity are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards, Associations Incorporation Reform Act 2012 and the ACNC Act, and for such internal control as the responsible entities determine is necessary to enable the preparation of the financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, responsible entities are responsible for assessing the registered entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the responsible entities either intends to liquidate the registered entity or to cease operations or has no realistic alternative but to do so.

The responsible entities are responsible for overseeing the registered entity's financial reporting process.

Auditor's Responsibility

My responsibility is to express a conclusion on the financial report based on my review. I conducted my review in accordance with Auditing Standard on Review Engagements ASRE 2415 *Review of a Financial Report: Company Limited by Guarantee or an Entity Reporting under the ACNC Act or Other Applicable Legislation or Regulation*, in order to state whether, on the basis of procedures described, I have become aware of any matter that makes me believe that the financial report is not in accordance with the ACNC Act including: giving a true and fair view of the entity's financial position as at 30 June 2021 and its performance for the year ended on that date; and complying with the Australian Accounting Standards. ASRE 2415 requires that I comply with the ethical requirements relevant to the review of the financial report.

A review of a financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable me to obtain assurance that I would become aware of all significant matters that might be identified in an audit. Accordingly, I do not express an audit opinion.

ABN 87 650 289 286

Conclusion

Based on my review, which is not an audit, I have not become aware of any matter that makes me believe that the financial report of Tatura Community House Incorporated is not in accordance with the *Associations Incorporation Reform Act 2012*, and Division 60 of the *Australian Charities and Not-for-profits Commission Act 2012*, including:

(a) giving a true and fair view of the registered entity's financial position as at 30 June 2022 and of its financial performance for the year then ended; and

(b) complying with Australian Accounting Standards, the *Associations Incorporation Reform Act 2012* and Division 60 of the *Australian Charities and Not-for-profits Commission Regulation 2013*.
